

*McEwen Mining Inc. has four producing mines, located in Nevada, Ontario, Mexico, and Argentina, and also has exposure to copper through its subsidiary McEwen Copper, owner of the large Los Azules copper deposit in Argentina. Our goal is to further develop into a strong and profitable gold and silver producer, focused on the Americas. In order to do that, we need great talent. McEwen Mining currently has an opening at our **Fox Complex Sites** for a:*

EIT/Mine Technician

Reporting directly to the Chief Surveyor and Ventilation, the EIT/Mine Technician is responsible for performing field work in outdoor and underground environments and conditions as well as demonstrating their ability to utilise programs such as CAD for assisted drafting. They must be a committed team player with a strong knowledge of and dedication to safety and production methods. Other duties will be assigned as per operational needs.

The list of duties and responsibilities below is not exclusive or exhaustive, and the employee will be required to undertake such duties as may reasonably be expected within the scope of the position. All employees are required to be professional, cooperative, and flexible in line with the requirements of the position.

Operational Planning & Technical Execution

- Underground surveying to support development, production, and construction activities.
- Surface surveying to support construction activities and monitor stockpiles.
- Ventilation surveys of the underground workings.
- Assist with drafting underground drive layouts.

General Administration and Controls

- Evaluate data to ensure quality standards are met.
- Assist in compiling data for internal management and corporate requests.

Qualifications and Skills Requirement:

- Demonstrated ability to work safely.
- Self-motivated person, with a positive attitude and possesses strong organizational and time management skills.
- Ability to demonstrate that they can work well with others and alone.
- Graduated from a recognized Mining engineering program or equivalent experience.
- Previous experience with AutoCAD/Amine considered an asset.
- Previous experience with survey equipment (total station, GPS) considered an asset.
- Ability to work alone while conducting fieldwork.
- Ontario Hard Rock Common Core considered an asset.

Diversity and Inclusion

McEwen is strongly committed to Diversity and Inclusion and aims to create a healthy, accessible, and rewarding work environment which highlights employees' unique contributions to our company's success.

As an equal opportunity employer, we welcome applications from all to help us build a diverse workforce which reflects the diversity of our communities, in which we live and work.
