

*McEwen Mining Inc. has four producing mines, located in Nevada, Ontario, Mexico, and Argentina, and also has exposure to copper through its subsidiary McEwen Copper, owner of the large Los Azules copper deposit in Argentina. Our goal is to further develop into a strong and profitable gold and silver producer, focused on the Americas. In order to do that, we need great talent. McEwen Mining currently has an opening at our **Fox Complex Sites** for a:*

## **Millwright**

Reporting to the Maintenance Supervisor, the Millwright is responsible for installing, inspecting, adjusting, and repairing equipment while following safety rules and regulations. You will be required to maintain all equipment to required standards and be responsive to production needs and equipment failures. You will work as part of a team but would routinely perform work independently and maintain a high level of accuracy and safety, while performing your duties. They will interact with Mill employees, supervisors, coordinators, managers and JHSEC. They must be a committed team player with a strong knowledge of and dedication to safety and production methods. Other duties will be assigned as per operational needs.

The list of duties and responsibilities below is not exclusive or exhaustive, and the employee will be required to undertake such duties as may reasonably be expected within the scope of the position. All employees are required to be professional, cooperative, and flexible in line with the requirements of the position.

### **Operational Planning & Technical Execution**

- Inspect, troubleshoot, repair, and maintain process equipment.
- Inspect, troubleshoot, and maintain several types of hydraulic and pneumatic systems.
- Perform maintenance functions and duties associated with predictive and preventative maintenance programs.
- Align, level, and install machine sections components and drives ensuring safe lifting procedures.
- Lay out, assemble, and install piping, fitting, valves, and hoses associated with various inflows and outflows throughout the plant.
- Lubricate equipment.

### **General Administration and Controls**

- Assist in training of apprentices on procedures and safe mechanical practices.
- Complete inspection reports, daily journals, equipment logs and technical reports.
- Maintain workplace in neat and orderly condition.
- Work in conjunction with the Maintenance Planning Coordinator when it comes to preventative maintenance issues and specialized or capital work.
- Work in a healthy work environment with full support, cooperation, and commitment to satisfy our operation's goal of being accident-free.
- Comply with federal and provincial acts and regulations, and legal requirements.
- Adhere to all relevant corporate policies and procedures.

### **Qualifications and Skills Requirement:**

- Valid driver's license and a reliable means of transportation.
- Strong verbal and written communication skills to propagate technical information within a team environment while ensuring duties are performed in a safe and responsible manner.
- Strong organizational skills as well as sense of responsibility and commitment to safety
- Interested in working within a diverse and inclusive environment with enthusiasm to work collaboratively and respectfully to achieve mutual success.
- Ability to interact with a wide variety of departments/roles within all levels of the organization.
- Strong problem-solving skills while working under pressure requiring immediate response to issues.
- Highly motivated professional with intent to become part of the McEwen Mill team supporting the Safety and the Milling processes.
- Committed to continuous improvement with a vested interest in developing oneself as well as others around them.
- Agile, with the ability to focus on priorities and re-align when needed.
- Must possess a valid Journeyman Millwright Interprovincial Certificate.
- Successful completion of a post-secondary institution in a mechanical-related program or have acquired qualifications of the trade by progressively advancing through an apprenticeship program to become certified.
- Minimum 3 years trades experience in a heavy industrial field is required.
- Valid First Aid Certificate considered an asset.

### **Diversity and Inclusion**

McEwen is strongly committed to Diversity and Inclusion and aims to create a healthy, accessible, and rewarding work environment which highlights employees' unique contributions to our company's success. As an equal opportunity employer, we welcome applications from all to help us build a diverse workforce which reflects the diversity of our communities, in which we live and work.
